About the NBCEISA

The National Bargaining Council for the Electrical Industry of South Africa (NBCEISA) is a vital organisation that has been working tirelessly to promote industrial peace and stability in the electrical industry. The NBCEISA is a bargaining council established in terms of the Labour Relations Act, and it is responsible for negotiating collective agreements on wages and other terms and conditions of employment, resolving disputes, and administering various funds and schemes for the benefit of its members.

The NBCEISA is committed to providing a forum and facilities for collective bargaining, settlement of labour disputes, and other services that promote the interests of both employers and employees in the electrical industry. The council has a team of experienced commissioners who are specialised in the electrical industry, and they provide effective and efficient dispute resolution services to ensure that disputes are resolved quickly and fairly.

In addition, the NBCEISA also administers various funds and schemes, such as pension, provident, medical aid, sick pay, and training schemes, which are designed to provide financial security and support to its members. The NBCEISA is dedicated to promoting the interests of its members and the electrical industry as a whole. It is committed to ensuring that the industry remains competitive, sustainable, and innovative, and that it provides quality benefits and services to its members.

If you are an employer or employee in the electrical industry, we encourage you to join the NBCEISA and become a member. By joining the council, you will have access to a range of benefits and services that will help you to grow your business or advance your career in the electrical industry.

NBCEISA provides the following services:

- Forum and facilities for collective bargaining.
- Settlement of labour disputes.
- Provision of social benefits for the upliftment of all persons falling within the industry, i.e. pension, provident, leave pay fund and sick pay fund.
- NBCEI consists of representatives from both employers' and employees' organisations and has equal representation from both groups.
- The agreements negotiated are, where necessary, extended by the State to include the entire electrical industry once satisfied that the parties to the Council are in the majority. It is for this reason that all employers and employees falling within the electrical industry resort under the jurisdiction of NBCEI.
- Bargaining councils are not funded by the State and all employers, and their employees pay a council levy towards the funding of the Council.

Contact us to learn more about how you can become a member of the NBCEISA or visit www.nbcei.co.za.
